Rich Land
FOOD INDUSTRIES

From farm To fork

Rich Land is a key global player in the table olives production, specializes in transforming raw agricultural crops into packaged goods that meet the highest global standards

ALMONAIRY HOLDING

About us

Founded in 1998, AlMonairy Holding is a dynamic group of joint-stock companies dedicated to excellence in the food industry. AlMonairy Holding unites five subsidiaries, AlMonairy for Corn Products, Al Nada Mills, Olive Land, Rich Land and Gold Pick, with over 900,000 tons per year of combined production capacities, spread across six state-of-the-art production sites, fuels this mission, exporting premium products to over 60 countries—from the heart of Egypt to the farthest corners of the globe. With a firm commitment to the slogan "Quality First, Always" we leverage both practical and academic expertise to enrich both local and global markets with high-quality products.

Why Rich Land ?

Rich Land is a global leading producer of high-quality table olives, canned vegetables, fruits, pickles and ready to eat products, specializing in transforming raw agricultural crops into packaged goods that meet the highest global standards. With full vertical integration, we own the entire supply chain—from our **4,200** acres of farms to processing—ensuring freshness and quality in every product. Our diverse range includes uniquely crafted options that cater to various tastes, backed by strict quality control and sustainable practices.

As a trusted private label partner, we focus on innovative solutions and a customer-centric approach, making Rich Land the ideal choice for enhancing your brand and delighting consumers.
